PRODUCT DESCRIPTION

The Cardiac AED Wall Bracket is a functional, low-cost, and easy-to-install wall-mounted bracket for most AED types. It keeps your defibrillator clean and dust free, and creates a storage location for your defibrillator that is highly visible in the workplace.

- **Functional:** The bracket is designed to securely mount most AED types, making it easy to access in an emergency.
- **Compact:** The bracket is compact and measures 23cm x 18cm x 8cm, making it a space-saving solution for your workplace.
- **Low-cost:** The bracket is a cost-effective way to store and protect your AED.
- **Easy to install:** The bracket is easy to install, requiring no tools.
- **ANZCOR-approved signage:** The bracket comes with ANZCOR-approved signage, which helps to ensure that your AED is visible and accessible in an emergency.

- Keeps your defibrillator clean and dust free: The bracket helps to keep your defibrillator clean and dust free, which can help to extend its lifespan.
- Highly visible in the workplace: The bracket's green colour makes it highly visible in the workplace, so you can easily find it in an emergency.

Cardiac AED Wall Bracket suitable for most AED types
